**LARGE YACHT
SERVICES**

A COMMON SENSE APPROACH

Inserve Yachts is an independent company providing safety, security and technical services to the large yacht industry.

We specialise in the provision of ISM, ISPS and 'mini ISM' management systems which are individually tailored to be practical and beneficial to the safe operation of each client yacht.

We have a proven track record in the successful completion of numerous compliance and technical projects as well as being involved in the day to day management of a small number of prestigious superyachts.

...practical

Being better by being smaller is something we strongly believe in - which is why:

- We never take on work which we cannot deliver.
- We provide realistic estimates with regard to timescales and costs.
- We strive to ensure that clients feel at ease in contacting any member of the team at any time to discuss an issue.

- * ISM & ISPS Code Compliance
- * Practical Safety / Security Management Systems
- * Advice and Training

...professional

ABOUT US

The Inserve Yachts ethos is to provide a personal service to our clients at all times.

Inserve Yachts has built up a reputation for service and integrity within the industry which we value highly.

With no commercial connections or affiliations to broker houses or other service providers we are fully independent and will continue to remain so. Consequently the services we offer are unbiased and cost effective.

...beneficial

Although our core business is ISM and ISPS services, our skill base within the company means that we can provide additional advice and help outside the terms of our contract – generally at no additional cost to the client.

WHAT WE OFFER...

- Yacht specific ISM and ISPS compliant management systems - integrating the contingency plan and SOPEP manual.
- The “Company”, Designated Person and Company Security Officer to satisfy the ISM and ISPS codes.
- 24hr availability and support with an unobtrusive approach.
- Project management, technical support and consultancy for new builds, modifications & refits.
- Tiered Pre-Purchase Surveys.
- Onboard Training.

...cost effective
